Each of our riding days we will have access to a restaurant for noon lunch. Our miles each day will be loaded with fun & camaraderie especially with Sarah in the mix. Talk about a Rocky Mountain High ? You asked for it & now you get it. Five nights lodging, three days of riding ATV's, and one day of whitewater rafting on the Arkansas River. We start @ 6000 feet & go up to 13,750 feet. We'll ride to places such as Tin Cup, St Elmo, the ghost towns of Shavano, Vicksburg & Turret, explore the remaining remnants of the Gold Rush Days, and walk the Mary Murphy Mine. Thursday we do the river rafting. Nothing scary. Just fun in the sun. Lunch today will be included in the cost. It will feel good to enjoy the hot springs, the swimming pool or a hot shower, when we get back to our lodge. All trails are rated intermediate with spectacular panoramas around every turn in the trail. Camera buffs will have a field day. Rentals are available. Side x sides are allowed and so is riding double.

Sun, Aug 22 / 27 @ Parrish, Wisconsin @ \$200 PP

This one is called the Animal Tour. Meaning you have to be an animal to be able to complete this ride. It is 1000 miles in six days with a different motel every night. Can you handle it. In case you can't I will have a backup truck & empty trailer standing by just in case you or your machine needs a rest. Pack your luggage rack because you are obligated to carry all of your own gear.

Once I receive your deposit, I will send details of where we are staying
